STREET CLASSIFICATION

Copyright 1948, by Eastern Publishing Co.

The streets are arranged in alphabetical order. They show where they begin and where they end, also the intersecting streets.

🏠 This symbol following the name indicates that there is a property owner living at that number. It might be the person listed or some member of the family. Usually this symbol is placed after the husband's name, even though the wife is the owner. The publisher does not guarantee its correctness, as it is information as received by the name taker at the property.

* This symbol indicates that the street is private or that part of the street is private. For further information check with records at City Hall.
